#### JOINT COMMITTEE ON FINANCE

September 16, 2002

Secretary George Lightbourn Department of Administration 101 East Wilson Street, 10<sup>th</sup> Floor Madison, Wisconsin 53703

Dear Secretary Lightbourn:

We are writing to inform you that the members of the Joint Committee on Finance have reviewed your request, received August 23, 2002, pursuant to s. 16.515/16.505, Stats., pertaining to a request from the Department of Health and Family Services.

No objections have been raised concerning this request. Therefore, the request is approved.

Sincerely,

BRIAN BURKE Senate Chair JOHN G. GARD Assembly Chair

Robert Blaine, Executive Policy and Budget Analyst

State Budget Office

Subject:

Request Under s 16.505/515 from the Department of Health and Family

Services (DHFS) for Position and Expenditure Changes Related to the

Budget Reform Act

#### REQUEST:

To partially implement across-the-board budget reductions required by 2002 Act 109, the budget reform act, DHFS requests the following increases in program revenue position authority in the 2002-03 fiscal year:

Program of Assertive Community Treatment (PACT)

Appropriation (2)(g)/225: an increase of \$62,800 PR and 0.79 FTE

Bureau of Health Information (BHI)

Appropriation (4)(gm)/426: an increase of \$3,200 PR and 0.15 FTE Appropriation (4)(hg)/487: an increase of \$61,300 PR and 1.10 FTE

Division of Health Care Financing (DHCF)

Appropriation (4)(gm)/431: an increase of \$44,200 PR and 0.60 FTE

Regional Field Operation Directors (RFOD)

Appropriation (6)(jm)/634: an increase of \$18,500 PR and 0.24 FTE

Bureau of Personnel Resources (BPER)

Appropriation (8)(k)/822: an increase of \$80,000 PR and 1.0 FTE

These changes represent a total increase of 3.88 FTE and \$270,000 PR.

#### REVENUE SOURCES FOR APPROPRIATION(S):

The revenue sources for these appropriations are as follows:

Alpha	Num	Revenue Source
(2)(g)	225	Primarily fees charged to Dane County to support the
(-)(8)		Program of Assertive Community Treatment (PACT)
		administered by the Mendota Mental Health Institute
(4)(gm)	426	Fees for copies of vital records
(4)(hg)	487	Health care data information fees
(4)(gm)	431	Health facilities licensing fees
(6)(jm)	634	Fees paid for facility licenses
(8)(k)	822	Charges to divisions for central DHFS personnel services

#### BACKGROUND:

On January 22, 2002, the Governor introduced a budget reform proposal to the legislature, which among other items, required agencies to reduce their general operations expenditures by 3.5% in the 2001-02 fiscal year and by 5% in the 2002-03 fiscal year. For DHFS this reduction totaled \$2,131,900 GPR in 2001-02 and \$3,0411,800 GPR in 2002-03. An increase in PR positions requires 14-day passive review as specified under 16.505/515.

Since the bill's introduction, the Legislature mandated an additional reduction of \$2,806,500 GPR in 2002-03. Any further shifts of GPR positions to PR to meet this additional reduction are not addressed by this request.

#### ANALYSIS:

In response to the Governor's proposal, the department has proposed eliminating 16.45 GPR FTE and increasing PR position authority by 3.88 FTE in the 2002-03 fiscal year. In a separate request, the department has proposed increasing FED position authority by 3.76 FTE. These requested changes yield a net reduction in positions of 8.81 FTE.

#### PACT Funding

This program develops community treatment alternatives for adults with severe mental illness who have failed in other community programs. Total revenue received in this program is roughly \$1,000,000, with estimated annual expenses of \$881,000. Shifting 0.79 FTE to PACT program revenue funding would increase PR costs by \$62,800 and can be sustained using existing revenue.

#### Bureau of Health Information

The department has proposed shifting 1.25 GPR FTE to PR supported by vital record fee revenue and health care data information fees. This shift would increase PR

August 13, 2002 Page 3

expenditures by \$64,500, but no increase in fees would be needed to support this increase.

#### Division of Health Care Financing

The department has proposed using health facilities licensing fees to support the shift of 0.60 GPR FTE to program revenue funding. As with BHI, no fee increases would be needed to support this change.

#### Regional Field Operation Directors

This provision would shift 0.24 GPR FTE in the Bureau of Quality Assurance of the Division of Supportive Living. The shift would include providing PR funding for RFODs who, among other tasks, supervise engineers inspecting nursing homes for safety code violations. The department has proposed using health facilities licensing fees to pay approximately 3% of the salaries of those RFOD managers. No increase in fees is needed to support this change.

#### Bureau of Personnel

The department recently changed cost allocation procedures, increasing the amount of federal funds captured for central administrative functions, including personnel services provided to the divisions. These federal funds are received by the divisions and then recorded in appropriation (8)(k) as program revenue. The department has requested the conversion of 1.0 GPR FTE in the Bureau of Personnel to PR to reflect this updated methodology. This change will not increase fees charged to DHFS divisions for central administrative services.

#### RECOMMENDATION:

Approve the Request

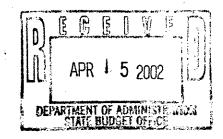

# State of Wisconsin Department of Health and Family Services

Scott McCallum, Governor Phyllis J. Dubé, Secretary

April 15, 2002

Mr. David Schmiedicke State Budget Office 101 East Wilson Street, 10<sup>th</sup> Fl. Madison, WI 53702

Dear Mr. Schmiedicke,

As requested in your February 1 memo to state agency heads, I am transmitting the DHFS file maintenance for the budget cuts and lapses in Act 16 and the Governor's Budget Reform Bill.

#### Act 16 Five Percent State Operations Cut

File maintenance for the Act 16 five percent state operations cut was submitted by DHFS on December 21, 2001. The file maintenance is in accord with the plan approved by the Joint Finance Committee at its November 2001 s.13.10 meeting. We assume that this file maintenance has been approved by your staff and entered into the B-2 system.

### Post-Act 16 vacant position/dues and membership (VPDM) lapses

I am transmitting in this package the file maintenance for the final DHFS plan for the Post-Act 16 VPDM lapse. Per DOA's instructions, this file maintenance is designated with change author 3i, DIN 9102.

DHFS submitted its original VPDM plan on October 5, 2001 and corresponding file maintenance on December 21, 2001. The enclosed VPDM file maintenance is a revised plan that replaces the October 5 plan. Please discard the October 5 DHFS VPDM ("1.47% Lapse Plan) and the corresponding file maintenance. The revised plan differs slightly from the original October 5 plan for the following reasons:

- Some of the items that DHFS included in the original October 5 VPDM plan for FY03 were one-time lapses, as was permissible under the instructions issued by DOA on September 24, 2001. Under the revised VPDM plan for FY03, DHFS replaced the FY03 one-time lapse items in the original plan with items that are permanent cuts as required by the DOA instructions issued on February 1, 2002.
- Since completion of the original VPDM plan in October 2001, all state agencies, including DHFS, were required to develop additional state operations cuts under the Governor's budget reform bill. DHFS determined that it was more appropriate to apply some of the items in the original VPDM plan to the Governor's budget reform bill requirement.

The revised VPDM plan is consistent with the December 6, 2001 s. 16.505/515 request submitted by DOA and approved by the Joint Finance Committee on January 2, 2002 through the passive review process. A few components of the revised VPDM plan rely on replacing GPR funding with alternative non-GPR sources of funding. Therefore, to implement the revised DHFS VPDM Plan, DHFS needs DOA approval for additional FED position and expenditure authority and DOA and legislative approval for additional PR position and expenditure authority in addition to the authority approved in the December 6 s.16.505/515 request. Specifically, to implement the VPDM reduction DHFS is requesting under s.16.50(3) and s.16.54:

```
Appro. 1m/149: An increase of $16,900 FED and 0.20 FTE in FY03; Appro. 4m/449: An increase of $39,900 FED and 0.75 FTE in FY03; Appro. 6m/641: An increase of $37,800 FED and 0.60 FTE in FY03; Appro. 6n/640: A decrease of $18,800 FED and 0.30 FED in FY03
```

To implement the VPDM reduction DHFS is requesting under s.16.505/515:

```
Appro. 2gk/228: An increase of $191,600 PR and 2.89 FTE in FY03; Appro. 2gk/229: An increase of $29,800 PR and 0.32 FTE in FY03; Appro. 2kx/267* A decrease of $18,300 PR and 0.50 FTE in FY03; Appro. 2i/233: An increase of $58,800 PR and 0.22 FTE in FY03; Appro. 4gm/426: An increase of $71,500 PR and 2.06 FTE in FY03; Appro. 4kx/467*: An increase of $1,000 PR in FY03; Appro. 4hg/487: An increase of $114,300 PR and 1.86 FTE in FY03; Appro. 6jm/639: An increase of $5,100 PR and 0.01 FTE in FY03; Appro. 6kx/667*: An increase of $20,300 PR and 0.49 FTE in FY03.
```

\*This is a continuing PR budget appropriation and therefore does not require JFC approval for increased budget authority.

The requested increases in PR budget authority do not require fee increases. The justification and information on funding sources for these requests is attached.

### Governor's Budget reform bill across-the-board state operations cut

I am transmitting in this package the file maintenance for the Governor's Budget reform bill across-the-board state operations cut for DHFS. Per DOA's instructions, this file maintenance is designated with change author 3k, DIN 9103. A few components of the Governor's Reform Bill cut plan rely on replacing GPR funding with alternative non-GPR sources of funding. Therefore, to implement the Governor's Budget reform bill across-the-board state operations cut for DHFS, DHFS needs DOA approval for additional FED position and expenditure authority and DOA and legislative approval for additional PR position and expenditure authority. In addition, DHFS needs JFC approval through the s.13.10 process for SEG position authority. DHFS plans to submit an s.13.10 request for this purpose for the June 2002 s.13.10 meeting. Specifically, to implement the Governor's Budget reform bill across-the-board state operations cut DHFS is requesting under s.16.50(3) and s.16.54 for FY03:

```
Appro. 1m/149: An increase of $96,000 FED and 1.03 FTE;
Appro. 1mc/190: An increase of $92,200 FED and 1.0 FTE;
Appro. 1mc/191: An increase of $23,900 FED and 0.28 FTE;
Appro. 3m/341: An increase of $300 FED and 0.12 FTE;
Appro. 3n/342: An decrease of $16,100 FED and an increase of 0.12 FTE;
Appro. 3n/356: A decrease of $1,800 FED and an increase of 0.24 FTE;
Appro. 3mc/392: A decrease of $1,800 FED and an increase of 0.24 FTE;
Appro. 6n/641: An increase of $15,800 FED and 0.5 FTE;
Appro. 6n/640: A decrease of $4,700 FED and .15 FTE
Appro. 6mc/690: An increase of $41,000 FED;
Appro. 6mc/691: An increase of $72,000 FED;
Appro. 8n/847: An increase of $69,800 FED and 0.70 FTE;
Appro. 8n/845: An increase of $45,700 FED and 2.5 FTE;
Appro. 8mc/892: An increase of $2,700 FED and decrease of 0.40 FTE
```

To implement the Governor's Budget reform bill across-the-board state operations cut DHFS is requesting under s.16.505/515 for FY03:

```
Appro. 2g/225: An increase of $62,800 PR and 0.79 FTE; Appro. 4gm/426: An increase of $3,200 PR and 0.15 FTE; Appro. 4hg/487: An increase of $61,300 PR and 1.10 FTE; Appro. 4gm/431: An increase of $44,200 PR and 0.60 FTE; Appro. 6jm/634: An increase of $18,500 PR and 0.24 FTE; Appro. 8k/822: An increase of $80,000 PR and 1.0 FTE
```

The requested increases in PR budget authority do not require fee increases. The justification and information on funding sources for these requests is attached.

I would like to note one other issue related to the attached file maintenance for the Governor's Budget Reform Bill. Included in the Department's Governor's Budget Reform Bill reductions are funding reductions for 9.85 GPR positions in DHFS department support positions (Division of Management and Technology, Office of Strategic Finance, and Department-wide services-"Program 8"). The attached file maintenance reduces the salary and fringe budget associated with these Program 8 positions, but does not reduce the FTE position authority. DHFS and DWD are currently engaged in negotiating the funding and positions that will be transferred from DWD to DHFS effective FY03 to reflect the transfer of the responsibility of the Food Stamp program from DWD to DHFS. As explained in discussions between DHFS staff (Sue Reinardy) and DOA staff (Jim Johnston and Erin Fath), it is possible that the Food Stamp Transfer package developed by DWD and DHFS may include the reallocation of some DHFS department support positions whose funding is cut under the Governor's Budget Reform Bill to food stamp support functions to be funded by the new funding transferred from DWD to DHFS. Therefore, the Program 8 Governor's Budget Reform Bill position FTE cannot be cut at this time since the food stamp transfer discussions are pending. Once the Food Stamp transfer package is concluded, DHFS will submit follow-up file maintenance to DOA

identifying the Program 8 GPR FTE to be cut in the Governor's Budget Reform budget DIN consistent with the final Food Stamp transfer decision.

I would appreciate DOA reviewing these s.16 requests and forwarding the s.16.505/515 request to JFC as expeditiously as possible. Delays in approving these FED and PR funding and position changes diminish the Department's ability to generate the targeted GPR lapse.

Please contact me or my staff if you have questions on the attached plans.

Sincerely,

Phyllis J. Dubé

Secretary

### JUSTIFICATION FOR S.16.50(3)/16.54 FOR DHFS VPDM REDUCTION

Appro. 1m/149: An increase of \$16,900 FED and 0.20 FTE in FY03: Environmental Health Positions in Division of Public Health Non-GPR funding sources are available and appropriate to replace GPR funding for parts of environmental health positions in Division of Public Health positions. The Department is requesting to replace .20 GPR FTE and funding with .20 FED FTE for a Supervisor position in the Bureau of Environmental Health. The federal funding source is the Childhood Lead Prevention Program. (Another portion of this position, .25 FTE was already converted from GPR to PR funding in the s.16.515/16.505(2) request approved by DOA and the Joint Finance Committee on January 2, 2002.)

Appro. 4m/449: An increase of \$39,900 FED and 0.75 FTE in FY03; Bureau of Health Information (BHI) Position Funding Changes in DHCF The Department has determined that non-GPR funding sources are available and appropriate to replace GPR funding for portions of BHI positions. The Department is requesting to replace 0.75 GPR FTE and funding with 0.75 FED FTE for a .75 Research Analyst 6 in BHI. The funding source is federal cancer grant funding.

Appro. 6m/641: An increase of \$37,800 FED and 0.60 FTE in FY03; Appro. 6n/640: A decrease of \$18,800 FED and 0.30 FED in FY03 Birth to Three Positions in Division of Supportive Living The Department is requesting to replace .30 GPR FTE and funding and .30 FED FTE funded with MA administrative funding with .60 FED FTE funded with federal Birth to 3 funding for portions of three positions in the Bureau of Developmental Disabilities that work with the Birth to 3 program. Federal Birth to 3 funding is available for this purpose due to an increase in the federal FY02 award DHFS received from the U.S. Department of Education.

#### JUSTIFICATION FOR S.16.505/16.515 FOR DFHS VPDM REDUCTION

Appro. 2gk/228: An increase of \$191,600 PR and 2.89 FTE in FY03; Appro. 2gk/229: An increase of \$29,800 PR and 0.32 FTE in FY03: Appro. 2kx/267: A decrease of \$18,300 PR and 0.50 FTE in FY03;

DCTF Central Office Position Funding Changes

The Department is proposing to revise the funding for DCTF Central Office positions to reflect more accurately their support activities and therefore underlying funding sources. DCTF institutions are funded by GPR (SRSTC, WRC, parts of the MHIs) and PR (DD Centers and parts of the MHIs). A cost allocation methodology was developed based on the number of FTEs at the DCTF institutions. The cost allocation was determined to be 35%GPR, 50% PR—DD Centers, and 15% PR-MHIs. Under this proposal, these percentages are applied to the DCTF central office staff. This cost allocation methodology is not being applied to certain central office staff that are dedicated to duties funded by one particular fund source.

Appro. 2i/233: An increase of \$58,800 PR and 0.22 FTE in FY03; PACT Funding in DCTF

The Program of Assertive Community Treatment (PACT) is a community mental health program administered by the Mendota Mental Health Institute. The program develops and evaluates community treatment alternatives for adults with severe mental illnesses who have failed in typical community programs. PACT is funded primarily from fees charged to Dane County for this program. The current contract with Dane Co. is \$806,000. Additional funding is derived from insurance revenue. Total revenue for this project is between \$900,000 and \$1 million annually. These funds currently support 12.5 PR FTE for the program. DCTF also charges another \$75,000 of salary costs that are GPR-funded to program revenue. This proposal substitutes a PR position for the GPR position.

DCTF also collects approximately \$50,000 annually at Mendota from medical honoraria that are paid to staff for services provided to other agencies or the community. These funds can be substituted for GPR that is currently used for salary and fringe for the employes who earn these honoraria.

A portion of the GPR/PR funding shift associated with this item is being accounted for under the Governor's Budget Reform Bill s.16.505/515 request.

Appro. 4gm/426: An increase of \$71,500 PR and 2.06 FTE in FY03;

Appro. 4kx/467: An increase of \$1000 PR in FY03;

Appro. 4hg/487: An increase of \$114,300 PR and 1.86 FTE in FY03 Bureau of Health Information Position Funding Changes in DHCF

The Department is requesting to replace 3.92 GPR FTE and funding with 3.92 PR FTE for positions in the Bureau of Health Information. The positions are portions of program assistant positions, a program and planning analyst, supervisory position, and research analyst. The funding sources are: vital record fees, health care data fees, and fees paid by other agencies. No fee increases are needed.

Appro. 6jm/639: An increase of \$5,100 PR and 0.01 FTE in FY03; AODA/Mental Health Certification Positions in DSL

The Department is requesting to replace .01 GPR FTE and funding with .01 PR FTE and funding for certain management and administrative positions in the Bureau of Quality Assurance with responsibility for mental health/AODA program certification. The PR funding source is mental health/AODA certification fee revenue. In response to an s.16.505/515 request last fall, the Department received approval from DOA and JFC on January 2, 2002 to replace 1.07 GPR FTE and funding with 1.07 PR FTE for these positions. To correct a technical error, the Department requests an additional .01 FTE and \$5,100 PR budget authority. No fee increase would be necessary.

Appro. 6kx/667: An increase of \$20,300 PR and 0.49 FTE in FY03. Bureau of the Blind Position Funding Change

The Department is requesting to replace 0.49 GPR FTE and \$20,300 GPR with 0.49 PRS FTE and \$20,300 PRS to fund a rehabilitation specialist in the Bureau for the Blind in DSL. The funding would be federal Independent Living for Older Blind Individuals Grant funding. The funding is budgeted as PRS funding because the Department of Workforce Development Division of Vocational Rehabilitation initially receives the grant from the federal government and transmits it to DHFS. Wisconsin has received an increase in federal funding for this grant; a portion of the increase would be utilized for this proposal.

## JUSTIFICATION FOR S.16.50(3)/16.54 FOR DHFS GOVERNOR'S BUDGET REFORM BILL REDUCTIONS FOR FY03

Appro. 1m/149: An increase of \$96,000 FED and 1.03 FTE; Appro. 1mc/190: An increase of \$92,200 FED and 1.0 FTE; Appro. 1mc/191: An increase of \$23,900 FED and 0.28 FTE; Funding Changes for Division of Public Health Positions

The Department is requesting to replace 2.31 GPR FTE and funding with 2.31 FED FTE. The federal funding sources are the new bioterrorism grant, the Prevention Block Grant, and the Maternal and Child Health Block Grant. Specifically, DHFS plans to shift GPR funding to the bioterrorism grant for several epidemiology positions, including .25 of the bureau director; .26 of other epidemiology positions and .20 of the chief medical officer. In addition, .50 of the primary care supervisory position, .50 of the environmental health section chief and .32 of a program assistant will be moved from GPR to the Prevention Block Grant. Finally, a small percentage of regional office management staff will be moved to the Maternal and Child Health Block Grant.

Appro. 3m/341: An increase of \$300 FED and 0.12 FTE;

Appro. 3n/342: An decrease of \$16,100 FED and an increase of 0.12 FTE; Appro. 3n/356: A decrease of \$1,800 FED and an increase of 0.24 FTE;

Appro. 3mc/392: A decrease of 2.18 FTE

Division of Children and Family Services Positions

The Department plans to eliminate the following 3.08 FTE in the Division of Children and Family Services: .50 FTE for The Emergency Food Assistance Program (TEFAP); .50 FTE for Domestic Violence; 1.0 FTE for Safe and Stable Families (SSF); and 1.0 FTE for Migrant/Hispanic Services. These positions are currently supported by \$200,300 all funds (\$13,300 GPR and the remaining \$187,000 FED from federal grants associated with the programs). Under this proposal, the FED savings would be redirected to offset operational expenses in other DCFS program areas which are currently supported with GPR. Thus, the total 12-month GPR savings under this proposal is \$200,300.

The Department will manage the elimination of these positions so that there are no adverse program effects. The program responsibilities of the eliminated FTE for TEFAP and domestic violence will be absorbed by remaining staff in those areas. Responsibilities for the eliminated SSF position will be transferred to the Brighter Futures Initiative. The services under the Migrant/Hispanic Services program will be integrated into a variety of other DCFS programs. Since the Department of Workforce Development also has a Migrant/Hispanic Services program, the DCFS position reduction eliminates duplication across the Departments. All positions are currently filled. The Department has identified transfer opportunities within the Department for the incumbents, thereby avoiding lay-offs.

Appro. 6n/641: An increase of \$15,800 FED and 0.5 FTE; Appro. 6n/640: A decrease of \$4,700 FED and .15 FTE Division of Supportive Living Position Funding Changes

The Department is requesting to replace 0.35 GPR FTE and funding with 0.35 FED FTE to fund positions in DSL. The Department has determined that it can receive enhanced MA administration funding for a position in the Bureau of Developmental Disability Services. The Department will also replace GPR funding for a position for the Wisconsin Council of Developmental Disabilities with federal grant funding from the Department of Education.

Appro. 6mc/690: An increase of \$41,000 FED; Appro. 6mc/691: An increase of \$72,000 FED;

Fund a Portion of HSRS Activities with federal block grants

The Department proposes to replace GPR funding for a portion of the Bureau for Information Services (BIS) contract for Human Services Reporting System (HSRS) related activities with federal funding by charging HSRS related activities to the Substance Abuse Prevention and Treatment (SAPT) Block Grant and Mental Health Block Grant. Federal regulations require states to collect client and expenditure data as a condition of receiving their SAPT and Mental Health Block Grant allocations. DHFS collects this data through the GPR-funded HSRS system. DHFS estimates that it could charge approximately \$41,000 to the SAPT Block Grant and \$72,000 to the Mental Health Block Grant. Currently 5 % of federal block grant funds are allowed to be used for administrative costs such as HSRS activities. This proposal would keep the Department within the 5% limit because currently DHFS spends 0.27% of the SAPT Block Grant and 0.55% of the Mental Health Block Grant allocation on administrative activities. In FFY02 Wisconsin will receive an increase of \$184,709 in its Mental Health Block grant award and an increase of approximately \$900,000 in its SAPT award. HSRS costs would be funded out of the block grant increases.

Appro. 8n/847: An increase of \$69,800 FED and 0.70 FTE; Office of Legal Counsel Position Funding Change
The Department is requesting to replace 0.70 GPR FTE and funding with 0.70 FED FTE to fund a portion of a position in OLC. Possible federal funding sources for the position include the federal bioterrorism grant funds.

Appro. 8n/845: An increase of \$45,700 FED and 2.5 FTE;
Appro. 8mc/892: An increase of \$2,700 FED and decrease of 0.40 FTE
Position Funding Changes for Office of Strategic Finance (OSF) Positions
The Department is requesting to replace 2.1 GPR FTE and funding with 2.1 FED FTE for
positions in the Office of Strategic Finance. The positions and federal funding sources are:
federal Medical Assistance funding for 0.5 FTE of the OSF budget analyst position responsible
for MA; federal Medical Assistance funding for 0.5 FTE of the analyst in the evaluation
section responsible for the BadgerCare evaluation; federal foster care (IV-E) funding for 1.5
FTE in Area Administration (AA); and a decrease of federal Social Services Block Grantfunded FTE in Area Administration. The workload of the budget and evaluation section
positions is MA-related and therefore eligible for 50% MA federal reimbursement. The AA
Section generates federal funding through time reporting. For the past several years, the AA
Section has generated federal IV-E funds through time study due to its activities supporting
adoptions, child welfare training, the IV-E compliance review, and other IV-E reimbursable
activities. There is sufficient IV-E funding generated by the AA Section to fund 1.5 FTEs.

# JUSTIFICATION FOR S.16.505/16.515 FOR DHFS GOVERNOR'S BUDGET REFORM BILL REDUCTIONS FOR FY03

Appro. 2g/225: An increase of \$62,800 PR and 0.79 FTE;

**PACT** Funding

The Program of Assertive Community Treatment (PACT) is a community mental health program administered by the Mendota Mental Health Institute. The program develops and evaluates community treatment alternatives for adults with severe mental illnesses who have failed in typical community programs. PACT is funded primarily from fees charged to Dane County for this program. The current contract with Dane Co. is \$806,000. Additional funding is derived from insurance revenue. Total revenue for this project is between \$900,000 and \$1 million annually. These funds currently support 12.5 PR FTE for the program. DCTF also charges another \$75,000 of salary costs that are GPR-funded to program revenue. This proposal substitutes a PR position for the GPR position.

DCTF also collects approximately \$50,000 annually at Mendota from medical honoraria that are paid to staff for services provided to other agencies or the community. These funds can be substituted for GPR that is currently used for salary and fringe for the employes who earn these honoraria

A portion of the GPR/PR funding shift associated with this item is being accounted for under the VPDM  $\, s.16.505/515$  request.

Appro. 4gm/426: An increase of \$3,200 PR and 0.15 FTE;

Appro. 4hg/487: An increase of \$61,300 PR and 1.10 FTE;

Bureau of Health Information Position Funding Changes

The Department is requesting to replace 1.25 GPR FTE and funding with 1.25 PR FTE positions in the Bureau of Health Information. The positions are a program assistant, an accountant, and research analysts. The PR funding sources are: vital record fee revenue and health care data information fees. No fee increases are needed.

Appro. 4gm/431: An increase of \$44,200 PR and 0.60 FTE;

Division of Health Care Financing Position Funding Shifts

The Department is requesting to replace 0.60 GPR FTE and funding with 0.60 PR FTE to fund positions in the Bureau of Fee for Service Benefits in DHCF. The positions are portions of 2 program and planning analysts and the source of PR funding is health facilities licensing fees.

Appro. 6jm/634: An increase of \$18,500 PR and 0.24 FTE;

RFOD Position Funding Changes

The Department is requesting to replace 0.24 GPR FTE and funding with 0.24 PR FTE to fund positions in the Bureau of Quality Assurance (BQA) in DSL. BQA employs engineers who inspect nursing homes for safety code violations and review construction plans for nursing homes and other health care facilities. This proposal replaces portions of the GPR funding for the Regional Field Operation Directors (RFOD) positions who supervise engineers. The proposal would move 3% of the costs of the supervisor positions from GPR to PR generated from fees charged for the review of the plans. Three percent is the estimated portion of the

divisions.

supervisor's time spent supervising the engineers' plan review activities. No fee increase is needed.

Appro. 8k/822: An increase of \$80,000 PR and 1.0 FTE
Position Funding Change for Bureau of Personnel Resources (BPER) Position
A change in the BPER billing methodology has generated an increase in federal revenues.
BPER charges program divisions, offices and the institutions for personnel services provided.
These charges are based upon a formula using data from BPER quarterly time studies and numbers of FTE within each division or office. Prior to SFY 1999, BPER billed all costs for services provided by program revenue staff and a portion of GPR staff costs as components of the billing methodology for personnel services. Based upon recommendations from a cost allocation consultant to capture additional federal revenue, billings were adjusted to include 100% of GPR costs. At the time the methodology was changed, the additional revenues were used to move GPR positions to BIS to decrease the infrastructure charged back to divisions.
Based on the Department's claiming experience to date, there is sufficient federal funding being generated to convert 1.0 FTE within BPER to PR-S with no additional charges to the

### JOINT COMMITTEE ON FINANCE

September 17, 2002

Secretary George Lightbourn Department of Administration 101 E. Wilson Street, 10<sup>th</sup> Floor Madison, Wisconsin 53703

Dear Secretary Lightbourn:

We are writing to inform you that the Joint Committee on Finance has reviewed your report, received August 28, 2002, determining the number of unfunded positions for each state agency which resulted from reductions in state operations appropriations under 2001 Wisconsin Act 16 and Act 109.

Pursuant to s. 9101(7)(c) of the statutes, the secretary shall reduce each state agency's authorized positions for fiscal year 2002-03 by the determined number of unfunded positions identified in this report on September 18, 2002.

No objections have been raised to this report. Therefore, the report is approved and the positions may be reduced accordingly.

Sincerely,

Senate Chair

JOHN G. GARD Assembly Chair

TO:

Members

Joint Committee on Finance

FROM:

Bob Lang, Director

SUBJECT: Department of Administration Report on Elimination of Unfunded Positions

Under section 9101(7) of Act 109, the Secretary of the Department of Administration is required, no later than September 30, 2002, to determine the number of positions in each state agency that were not funded as a result of any reduction in 2001-03 appropriations for state agency operations under 2001 Acts 16 and 106. That section further requires that the Secretary then submit those determinations to the Joint Committee on Finance for approval under a 14-day passive review process.

On August 28, 2002, the Department of Administration submitted to the Joint Committee on Finance the report required under 2001 Wisconsin Act 109. The Committee has until September 18, 2002, to determine if a meeting will be held on the report. The report details by agency and appropriation the number of full-time equivalent (FTE) positions that are proposed to be deleted and the annualized salary amounts for those positions. The total number of positions identified for deletion is 1,226.53 and the total annualized salaries for those positions is \$43,929,600. The salary figures do not reflect associated fringe benefit costs that, using average total fringe benefit rates, would equate to an additional \$14,365,000.

This requirement was included in the initial budget adjustment bill submitted by the Governor and remained unchanged in all the successive versions of the bill through enactment. The rationale for the requirement was that with the across-the-board reductions required under Act 16 and the additional across-the-board reductions under the adjustment bill, it was felt that there should be a formal mechanism for executive and legislative review of the final detailed positions selected by agencies for elimination. The across-the-board reductions in Act 16 and many of the across-the-board reductions in Act 109 centered primarily on setting a dollar amount reduction for each agency with the expectation that agencies would generally have flexibility in how the adopted reduction amounts were to be accomplished. However, the Department of Administration in implementing the various reduction measures specified that to the extent that agencies chose to take some or all of

the reductions in salary and fringe benefits, in the second year of the fiscal biennium, then such salary reductions would have to be accompanied by a corresponding reduction in budgeted positions. In addition, however, in Act 109, there a few instances where there was non-statutory language included for certain agencies for specific reductions. This was particularly the case with the Department of Corrections.

The submitted report is the result of the Secretary's determinations based on agency submittals for position reductions. The report does not include, however, a total of 139.04 FTE positions that have already been removed as a result of the Committee actions taken on November 15 and December 18, 2001, for 16 agencies which submitted requests under an Act 16 provision allowing reallocation of reductions between GPR state operations appropriations (where an agency had more than one such appropriation).

For the Committee's information, this office has compiled the number of positions by specific classifications that are contained in the Secretary's report. That information is provided in Attachment 1. In that attachment, the number of positions by classification that are proposed for deletion are listed. The attachment is organized by agency and under each agency the position deletions are summarized under one of the statutory programs set out for the agency in the appropriations schedule of the budget. Within each program, the positions are further sorted so that they are ultimately listed under the appropriation title that they are funded under. The total annual salary or salaries for the number of positions in each classification which are to be deleted is also shown, along with the funding source. The total number of positions and salary amounts by fund source as enumerated in Attachment 1 are shown in the table below.

**Summary of Position Deletions by Fund Source** 

Total Number of FTE Positions Deleted	Total Salary Amount	Fund Source
1,214.00	\$43,515,800	GPR
5.00	146,200	SEG
4.38	146,400	FED
<u>4.15</u>	121,200	PR
1,226.53	\$43,929,600	

In addition to the general summary provided in Attachment 1, the following material discusses in more detail one particular area of the Secretary's report relating to the Department of Corrections.

The report submitted by DOA indicates that the Department of Corrections will eliminate 771.42 positions (768.02 GPR and 3.4 PR positions). The reductions are divided as follows: (a) 14.25 GPR positions are associated with the dues and membership reductions made in Act 16; (b) 560.02 GPR and 3.4 PR positions are associated with the delayed openings of the New Lisbon and Highview Geriatric Correctional Institutions, the inmate workhouses in Winnebago and Sturtevant, the Sturtevant probation and parole hold facility and the segregation unit at the Oshkosh Correctional Institution [Act 109, sections 9211(11), (14), (17) and (18)]; (c) 3.0 GPR positions associated with the secured inmate work program [Act 109, section 9211(1)]; and (d) 190.75 GPR positions associated with general departmental position reductions [Act 109, sections 9211(19) and (20)].

With regard to the dues and membership reductions, correctional facility delays and the secured inmate work program, specific classifications or types of positions are not identified in nonstatutory language. However, for the departmental position reductions in Act 109, section 9211 (19) and (20) relating to a required reduction of 190.75 positions, the provisions specify the following:

- "(19) ADULT CORRECTIONS; GENERAL PROGRAM OPERATIONS. In the schedule under section 20.005 (3) of the statutes for the appropriation to the department of corrections under section 20.410 (1) (a) of the statutes, as affected by the acts of 2001, the dollar amount is decreased by \$6,566,100 for fiscal year 2002-03 to decrease the authorized FTE positions for the department by 3.0 GPR chaplains, 6.0 GPR teachers, 3.0 GPR teaching assistants, 50.0 GPR unit supervisors, 39.25 GPR officers, and 20.0 GPR positions that are vacant on July 1, 2002.
- (20) ADULT CORRECTIONS; SERVICES FOR COMMUNITY CORRECTIONS. In the schedule under section 20.005 (3) of the statutes for the appropriation to the department of corrections under section 20.410 (1) (b) of the statutes, as affected by the acts of 2001, the dollar amount is decreased by \$3,698,700 for fiscal year 2002-03 to decrease the authorized FTE positions for the department by 3.0 GPR community corrections officers, 55.5 GPR probation and parole staff, by 3.0 GPR unit supervisors, and 8.0 GPR positions that are vacant on July 1, 2002."

Under DOA's report, Corrections would eliminate a total of 121.25 GPR positions from appropriation s. 20.410(1)(a) and 69.50 GPR positions from appropriation s. 20.410(1)(b), as required by Act 109. However, the Committee should note that the specific position reductions identified in the DOA report do not totally conform to the positions specified under Act 109, Sections 9211(19) and (20). The discrepancies are identified in the following table. The specific position reductions are identified in greater detail in Attachment 2.

Further, with regard to the Department of Tourism, the Committee should note that the report identifies 3.0 positions being deleted from the Department of Tourism, including 1.0 GPR tourism coordinator for the heritage tourism program. This position was transferred to tribal gaming program revenues in the 2001-03 biennial budget act (Act 16) and subsequently deleted altogether as part of the budget adjustment act (Act 109). However, the position control system was not adjusted to convert and then delete this position pursuant to Acts 16 and 109. Therefore, while the agency will not actually experience a reduction in currently authorized staffing, the identified position deletion represents a technical action necessary to delete this unfunded position. However, since the request identifies an associated salary savings of \$41,200, this amount either will not be realized by this deletion (the funds having already been deleted in previous legislation), or will have to be realized by Tourism deleting another position or making other program reductions.

#### JOINT COMMITTEE ON FINANCE

#### **MEMORANDUM**

To:

Members

Joint Committee on Finance

From:

Senator Brian Burke

Representative John Gard

Co-Chairs, Joint Committee on Finance

Re:

14-Day Passive Review Approval of Unfunded FTE Report

Date:

August 30, 2002

Attached is a copy of a report from the Department of Administration, which you received in your offices earlier this week, determining the number of unfunded positions for each state agency which resulted from reductions in state operations appropriations under 2001 Wisconsin Act 16 and Act 109.

Pursuant to s. 9101(7)(c) of the statutes, the secretary shall reduce each state agency's authorized positions for fiscal year 2002-03 by the determined number of unfunded positions identified in this report on September 18, 2002. If the Co-Chairs of the Committee do not notify the Department of Administration within 14 working days after receiving the request that a meeting has been scheduled to review the proposal, this report will be approved and the positions will be reduced accordingly.

Please review the material and notify **Senator Burke** or **Representative Gard** no later than **Monday, September 16, 2002**, if you have any concerns about the request or if you would like the Committee to meet formally to discuss it.

Also, please contact us if you need further information.

AUG 2 8 2002

BY:

August 28, 2002

The Honorable Brian Burke, Co-Chair Joint Committee on Finance 317 East, State Capitol Madison, WI 53702

The Honorable John Gard, Co-Chair Joint Committee on Finance 308 East, State Capitol Madison, WI 53702

Dear Senator Burke and Representative Gard:

Pursuant to s. 9101(7) of 2001 Wisconsin Act 109, attached is the secretary's determination of unfunded positions for each state agency which resulted from reductions in state operations appropriations under 2001 Wisconsin Act 16 and Act 109. An electronic version of the attached detailed schedule has also been submitted to the Legislative Fiscal Bureau.

The secretary has identified a total of 1,226.54 full-time equivalent unfunded permanent positions as a result of budget reductions. These reductions are in addition to the reductions approved at the November and December 2001 s. 13.10 meetings, which allowed agencies to identify alternative reductions. An additional 139.04 FTE positions were deleted based on actions taken at these s. 13.10 meetings.

As provided in s. 9101(7)(c), the secretary shall reduce each state agency's authorized positions for fiscal year 2002-03 by the determined number of unfunded positions on September 18, 2002, unless we are notified prior to that time that the Joint Committee on Finance has scheduled a meeting to review the determination.

Sincerely,

David P. Schmiedicke State Budget Director
